Session 7

Bridging between knowledge and practice

Break Out

European Research Area

Session Objective

This session will address the potential synergies and collaboration between PLATFORM, the ERA-NET Actions, and the EIP-AGRI. An overview of the EIP-AGRI basics will be presented as well as the activities of its Service Point. An interactive discussion in groups will reflect on common interests and how to collaborate in closing the gap between research and practice.

Questions

4 groups, each group discusses these questions:

Q1 *on flip-over:*

Which common interest does your ERA-NET have with the aim of EIP-AGRI?

Q2 *on flip-over:*

How can ERA-NETs and EIP collaborate in closing the gap between research and practice? (e.g. with regard to development of multi-actor research collaboration, taking up results of operational groups, working with practitioners, disseminating research results and opportunities for application to end-users, national networks)
